EXPERIENCE

Product Designer

Payhawk

02/2020 - 05/2020

https://payhawk.com

Payhawk is a next-generation spending software that simplifies expenses, payments and card spending for growing businesses. In here I had the opportunity to work in an iteration heavy process with a lot of user experience cases to solve.

UX Designer

Trading212

04/2018 - 02/2020

https://www.trading212.com

I worked on the core product team, where my primary responsibility was the web platform. But, I didn't shy away from other design-related tasks, be it on the mobile application, website, marketing materials, prototypes and other company-related projects.

UI Designer

Cloudfaces GmbH

11/2015 - 03/2018

Worked on various web-based projects for leading brands in Bulgaria and Europe. Some of the clients I worked with - UNIQA, Raiffeisen bank Bulgaria, A1, dm Bulgaria, Wein Wandern Wien
